

Dinner by Me: Stir Fried Cabbage

1. Cut up or tear one head of cabbage into small pieces.

2. Heat the tabletop skillet.

3. Add 2 tablespoons of olive oil.

4. When oil is sizzling, add 1 tablespoon garlic.

5. When the garlic is brown, add the chopped cabbage and shredded carrots.

5. While the vegetables are cooking, mix 1 cup chicken broth, 1 tablespoon corn starch, 1 tablespoon soy sauce in a bowl with whisk.

6. Pour sauce over cabbage and let cook until the cabbage is soft and **light brown** in color.
